

ROBOTICS DOJO 2025

GAMEFIELD DIMENSIONS

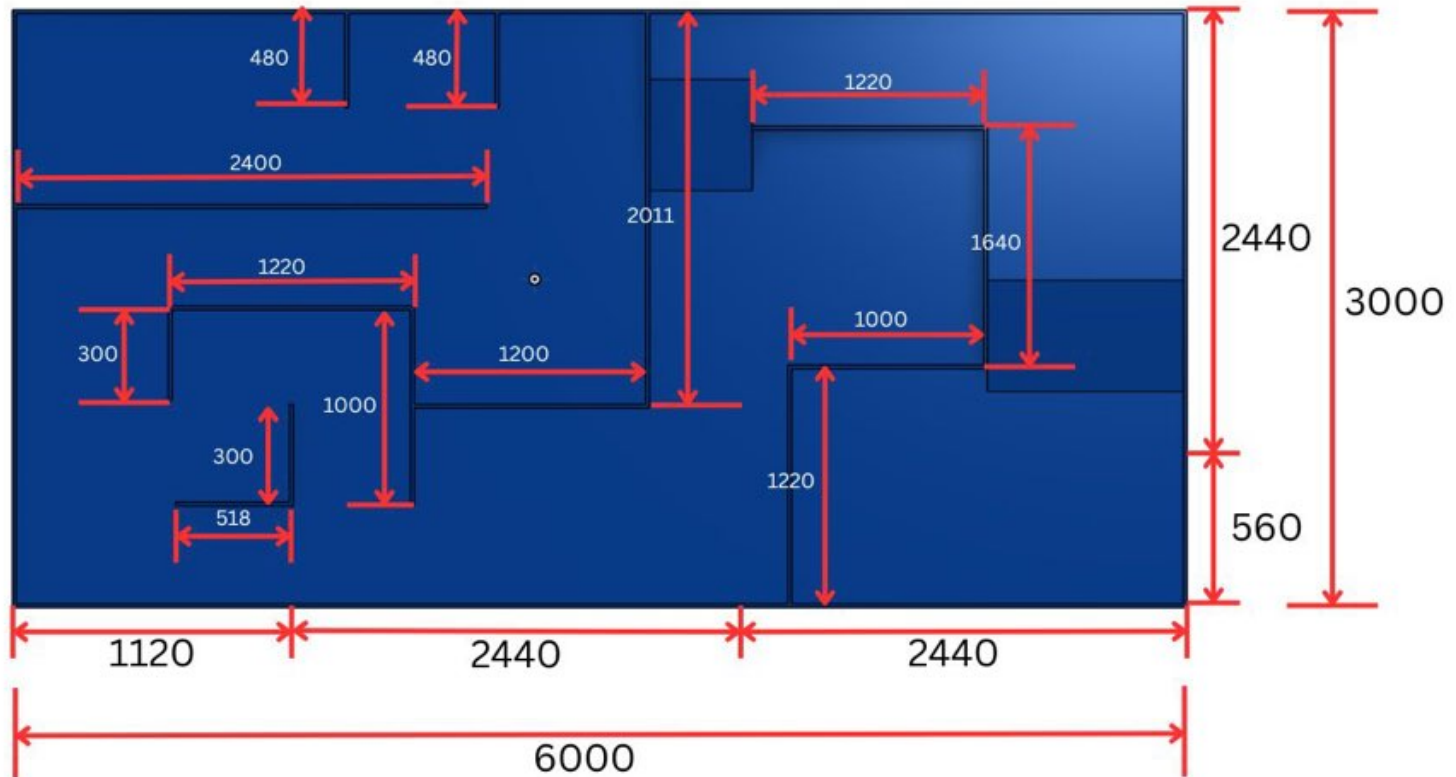

3D VIEW

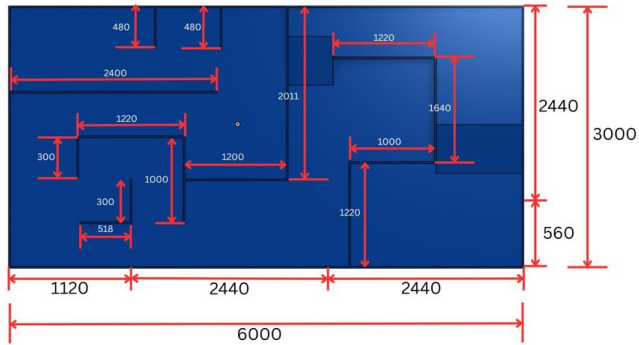

TOP VIEW

DIMENSIONS (mm)

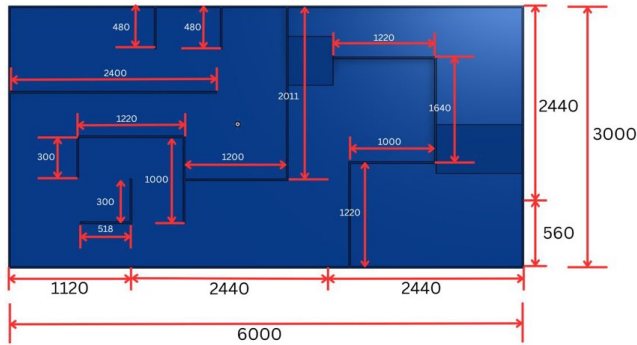

NOTES

- All dimensions are in mm
- Total Gamefield Size is 3000 x 6000 mm
- The walls (internal and external i.e. fences) are 400 mm high
- The fences (external walls) were made by joining sections of wood:
 - $2440 + 560 = 3000$ mm
 - $1220 + 2440 + 2440 = 6000$ mm

NOTES

- The gamefield was built using standard blockboard, which we cut and joined according to our design
- There are 2 internal walls currently not shown in the design. Their dimensions are given below:
 - 580 mm wide by 300 mm high (this is the only wall less than 400 mm)
 - 560 mm wide by 400 mm high
